

CAPE BRETON POST

EPRA/Recycle My Electronics expands to include small appliances for safe, secure recycling for residents, businesses and the environment. Good for the environment, the economy and future generations

Reason to celebrate

To commemorate the program expansion and to celebrate Circular Economy Month, EPRA/Recycle My Electronics hosted a celebratory event at NSCC, Akerley Campus with special guest, Honourable Timothy Halman, Minister of Environment and Climate Change, Nova Scotia. Grade 4 Students from Mount Edward Elementary School were there to join in the celebration and to learn about electronics recycling at the Recycle My Electronics Mobile Classroom.

Recoverable resources

Recycling with EPRA/Recycle My Electronics ensures devices are diverted from landfills and recycled responsibly for sustainable material recovery. The following list of products has been added to those currently obligated for recycling and diversion from landfill:

recyclemyelectronics.ca/nl/what-can-i-recycle

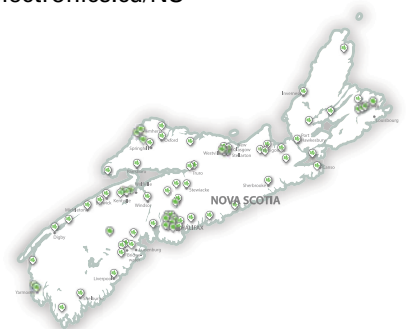

- Floor and carpet care appliances
- Garment care appliances
- Appliances for counter-top cooking
- Devices for cutting food items and opening or sealing containers or packages
- Devices for measuring time
- Personal care appliances
- Scales
- Portable air treatment appliances

Accessible for residents and businesses

EPRA/Recycle My Electronics maintains a strong commitment to access and convenience. In fact, 99% of the province's population lives within 50 km(rural) and 30 minutes (urban) of an EPRA/Recycle My Electronics Nova Scotia drop-off location.

For businesses, EPRA/Recycle My Electronics programs offer customized services to support your organization. Just click on bookMYpick-up when you visit
