CHARLOTTETOWN, PRINCE EDWARD ISLAND

## When it comes to circular thinking, safe, secure recycling of electronics with EPRA/Recycle My Electronics closes the loop in Prince Edward Island.

The October 1st expansion of obligated electronics accepted into the recycling stream means residents and businesses of Prince Edward Island can safely and securely recycle more products than ever before through EPRA/Recycle My Electronics programs.

### Reason to celebrate

To commemorate the program expansion, EPRA Executive Director for Atlantic Canada, Maylia K. Parker was joined by MLA Susie Dillon, on behalf of the Honourable Gilles Arsenault, Minister of Environment, Energy and Climate Action along with representatives from Aubrey's Bottle Exchange & Recycling, who hosted the event. Also on hand were students from Parkdale Elementary School to learn about electronics recycling at the EPRA/Recycle My Electronics Mobile Classroom.

### Recoverable resources

Recycling with EPRA/Recycle My Electronics ensures devices are diverted from landfills and recycled responsibly for sustainable material recovery. The addition of the categories of Personal Activity Trackers/ Monitors & Devices, eBikes & eScooters and Electronic Exercise Equipment to the list of obligated products means even greater diversion, resource recovery and contribution to circular thinking in Prince Edward Island.

### Accessible for residents and businesses

EPRA/Recycle My Electronics is the only government-approved electronics recycling program in PEI and has a network of collection locations throughout the province. Just enter your postal code or town into the map locator, when you visit [recycleMYelectronics.ca/PEI](http://recycleMYelectronics.ca/PEI)

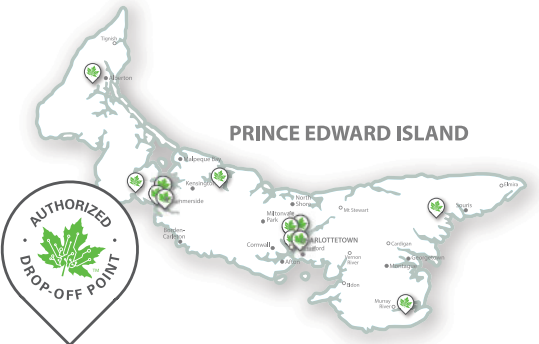

For businesses, EPRA/Recycle My Electronics programs offer customized services to support your organization. Just click on bookMYpick-up when you visit [recycleMYelectronics.ca/PEI](http://recycleMYelectronics.ca/PEI)

To find out what and where to recycle electronics, visit
