

EPRA-BC Technical Product Listing

- Please note this listing provides examples of regulated products; the BC Recycling Regulation obligates entire product segments.
- **Green and bolded text denote new electronic toys added to Phase V coverage and obligated under EPRA as of August 1, 2013**

<p><i>The items listed below can be recycled free of charge at any Return-It Electronics Collection Site. The associated Environmental Handling Fees (EHF) are charged at the time of purchase.</i></p>
<p><i>Multiple products combined in a single Original Equipment Manufacturer (OEM) package under a single SKU are subject to one EHF</i></p>
<p><i>There may be additional items which have been detailed (included and excluded) EPRA's Clarification Listings. This listing can be found at: http://epra.ca/what-is-a-steward/product-definitions-fees-clarification-protocols This technical listing may not encompass all products that are detailed in the "regulation" or those that are handled by EPRA-BC. Please refer to the BC Government Recycling Regulation for further details.</i></p>
<p><i>Electronic medical equipment for monitoring or treatment is acceptable <u>with the exception of</u> devices that have been implanted or exposed to infectious bodily fluids. Return-It Collection Sites are not obligated to accept any equipment they feel is unsafe to handle.</i></p>
<p><i>Electronic Toys are defined as a plaything placed on the market that uses a cable, plug or batteries to provide power.</i></p>
<p><i>The Following Environmental Handling Fees for EPRA- BC acceptable products have been updated as of May 2025:</i></p>

Obligated Product Category	Product Definition	Environmental Handling Fee (EHF)	Examples of Products Subject to EHF	Products Not Subject to EHF
Micro Toys	Electronic toys generally weighing less than 50 grams.	\$0.05	<ul style="list-style-type: none"> • Electronic toy promotional items (i.e. sold with meals) • Electronic action figures or dolls • Electronic toy keychains • Electronic toy vehicles 	<ul style="list-style-type: none"> • Children's flashlights • Children's watches • Children's Smart Watches - SEE PERSONAL/PORTABLE category: PRODUCTS INCLUDED • Toys without electronics imbedded • Accessories, cabling, & components sold separately that don't constitute the primary toy or game

Obligated Product Category	Product Definition	Environmental Handling Fee (EHF)	Examples of Products Subject to EHF	Products Not Subject to EHF
Portable Electronic and Music Devices	<p>Personal and/or portable devices that can transmit, record and/or playback an image, audio or video using a variety of technologies including mechanical, optical and digital technologies and that operates on plug, battery power and/or powered directly from the device they are connected to (i.e. computer).</p> <p>Portable audio/video players supplied with accessory headphones in a single OEM package under a single SKU are subject to a single EHF.</p> <p>Multiple speakers supplied in a single OEM package and sold under a single SKU are subject to a single EHF.</p>	<p>\$0.85</p>	<ul style="list-style-type: none"> • Portable AM/FM radios • Clock radios • Wi-Fi Internet radios • Citizen band radios • Portable stereos, including those enabled to connect to wireless Internet • Portable tape players/recorders/ e.g. dictating machines/transcribers • Portable disc (CD, DVD, Blu-ray, etc.) players/recorders • Portable digital readers (e.g. MP3, MP4 players) • Docking stations for portable digital players (e.g. MP3, MP4 players, smart phones, etc.) and other portable devices • Portable docking/compact/folding speakers (wired and wireless including Wi-Fi or Bluetooth) (e.g. USB computer speakers; solar powered web browsing devices; smart phone dock stations) • Portable cassette or digital audio/voice recorders • Portable video playback devices • Headphones • Headsets (wired and wireless, including Bluetooth) • Microphones for use with an obligated product • Digital cameras • Non-digital cameras • Lenses & flashes • HD cameras and microphones • Digital photo key chains • Video cameras/ camcorders • Personal Digital Assistants (PDAs) which are not enabled to connect to cellular networks • Multi-function satellite radios that include CD, MP3, AM/FM radio or other audio functions

DESIGNATED VERY SMALL ITEMS	<p>Only the products listed had been approved by the program formerly known as CESA as designated to be very small items.</p> <p>No other exceptions can be made unless approved. The items have an average weight that is significantly lower (< 250 grams) than the products included in other categories.</p> <p>Therefore, applicable fees reflect the smaller nature of these items. Though they are exempt from their natural categories, they are not exempt from the BC program.</p>	<p>\$0.20</p>	<ul style="list-style-type: none"> • Air fresheners / scent diffusers • Mug warmers (designed to fit under a mug to keep beverages warm) • Handheld frothers • Small scales • Mini massagers • Mini table vacuums • Personal fans • Lint removers / clothing shavers • Toothbrushes (using primary cell batteries) • Razors (using primary cell batteries, OR weighing less than 250 g) • LED spinners Hand-Held Power Tools: • Glue guns • Soldering irons • Lightbulb testers / repairers Test & Measurement Tools: • Electric meters (voltage testers, circuit testers, humidity testers, etc.) • Measuring tapes • Stud finders • Temperature gauges (digital, laser) • Tire gauges (digital) Sports, Leisure, Arts, Crafts & Hobbies: • Bicycle / fitness computers without GPS capability (portable and not sold integrated into exercise equipment) • Bicycle speedometers (portable and not sold integrated into exercise equipment) • Engraving pens • Lighted magnifiers • Soldering iron for crafts • Glue guns 	<ul style="list-style-type: none"> • Appliances not powered by conventional electricity or batteries (e.g. solar-powered)

<p><i>The items listed above can be recycled free of charge at any Return-It Electronics Collection Site. The associated Environmental Handling Fees (EHF) are charged at the time of purchase.</i></p>
<p><i>Multiple products combined in a single Original Equipment Manufacturer (OEM) package with a unique SKU are subject to one EHF</i></p>
<p><i>There may be additional items which have been detailed (included and excluded) EPRA's Clarification Listings. This listing can be found at: http://epra.ca/what-is-a-steward/product-definitions-fees-clarification-protocols This technical listing may not encompass all products that are detailed in the "regulation" or those that are handled by EPRA-BC. Please refer to the BC Government Recycling Regulation for further details.</i></p>
<p><i>Electronic medical equipment for monitoring or treatment is acceptable <u>with the exception of</u> devices that have been implanted or exposed to infectious bodily fluids. Return-It Collection Sites are not obligated to accept any equipment they feel is unsafe to handle.</i></p>
<p><i>Electronic Toys are defined as a plaything placed on the market that uses a cable, plug or batteries to provide power.</i></p>

NOTES:

1. Products included / excluded are examples based upon member inquiries but do not represent an exhaustive list of all obligated products by category. Members must assess products against the definitions of each obligated product category to determine the applicability and appropriate EHF, and may consult the program for assistance in clarification where required.
2. Products identified as 'Included in the Obligated Category' are subject to the EHF for that category; Products identified as 'Not Included in the Obligated Category' are not subject to the EHF for that category, however, members must consider all obligated product categories to determine if the product meets the definition of another obligated product category.
3. There are two instances where multiple obligated products may be packaged by the original equipment manufacturer (OEM) in a single physical package carrying a single SKU (stock-keeping unit) and be subject to one EHF for the entire package of products:
 - a. Where the product definition above specifically includes multiple obligated products, or
 - b. Where a product is comprised of different functional components that are sometimes sold separately, but in this case are integrated into a single operating unit. In this instance the integrated product carries the single highest EHF. Examples include:
 - Phase I
 - All-in-One computer system (desktop CPU with integrated display device)
 - Display device with integrated video player (DVD, VCR, Blu-ray, etc.)
 - Printer / Scanner / Fax (all-in-ones)
 - Phase II
 - Multiple drive players integrated into a single device – e.g. DVD & VCR player
 - Fax machine with a corded telephone handset
 - Telephone with built-in answering machine
 - Security display monitor with built-in digital video recorder (DVR)
 - Phase V
 - Electronic toys
 - E-Bike and E-Scooters
4. The list of Product Definitions and Clarifications may be revised periodically by the Program.
5. A product is excluded from any category if it weighs >200kg, is professionally installed, or cannot readily and safely be de-installed, transported and/or recycled.

6. A product is excluded from any category if it has been implanted in a person, if it is surgically invasive or is inserted into a patient's body, if it requires decontamination prior to recycling, or if it has come into contact with blood or other biological contaminants prior to end-of-life.
7. Floor-standing equipment should only include equipment which is integrated, and which cannot easily be broken down by the end-user for recycling (e.g. a mainframe). Floor-standing equipment is not considered one unit under the program if the equipment is comprised of easily-removable sub-components. If the latter is the case, the rack or frame containing the equipment is excluded and the individual sub-components are covered in categories above as individual/multiple units.
8. Electronic Toys are defined as a plaything placed on the market that uses a cable/plug, batteries, of any type, or other untethered mechanism, to provide power to operate a feature function.
9. *Electrical Stewardship Association (CESA) in BC amalgamated with EPRA effective October 1, 2024. Products previously managed by CESA are now [reported via the EPRA portal](#) effective February 2025 for products put on market from January 2025 and onwards. Should your organization have obligation for BC small appliances and/or power tools and you are not yet [registered with EPRA BC](#), kindly ensure this compliance requirement is completed immediately. Questions: Please contact us at 1-888-567-4535 or rep@epra.ca*
10. *Small appliances and power tools regulatory obligation began effective October 1, 2011 including the obligation to report and remit on the supply of small appliances and power tools into CESA/EPRA from the effective date forward.*
