Dear Gerard MacLellan:

Thank you for your letter of June 19, 2019, regarding an amendment to the current electronics EPRA program plan to align with the recent changes to the *Solid Waste-Resource Management Regulations*.

Your letter, which outlines additional obligated materials, a list of collection facilities, and public and stakeholder outreach plans, will be attached to your current program plan as previously approved under Section 18L, M and N of the regulations. Furthermore, the revised list of Product Definitions and Clarifications, as included in your letter, will now replace Appendix D of your previously approved program plan. This combined document now constitutes your program plan for electronics.

Should there be an opportunity to collaborate on key messaging for your roll-out plan during Waste Reduction Week, you should contact our communications staff, Adele Poirier, Communication Advisor at Adele.Poirier@novascotia.ca or by phone at (902)430-0997 for further discussions.

Sincerely,

Gordon Wilson
Minister of Environment
